EDUCATION

University of British Columbia, BA in Computer Science and Economics   Expected May 2022

WORK EXPERIENCE

Software Developer, Dormmates - Vancouver, Canada.   Sept 2021 - Present
- Employ best coding and object oriented practices, and perform software changes and alterations based on specific designs.
- Work productively with the Product Team to understand requirements and business specifications around Portfolio Management, Analytics and Risks.

Coop Student, APSC DAE UBC - Vancouver, Canada.   May 2021 - Aug 2021
- Tracked, entered and analyzed alumni points for our department. Points are a way we track how often we interacted with alumni and the channels we used. This helped us to better understand how to send communications to our alumni effectively.
- Update, maintain and create content for our websites and social media accounts.

Student Assistant, APSC Development & Alumni Engagement UBC - Vancouver, Canada.   Oct 2020 - April 2021
- Updated, maintained and created content for our websites and social media accounts.
- Organized Old Red New Red annual events online by sending invitations, conducting a post-event survey to get insights on how to plan future events, and sending thank-you cards to 256 attendees.

Student Assistant, UBC - Vancouver, Canada.   May 2019 - May 2020
- Designed and tested the new donor processing portal based on feedback from colleagues during the piloting stage.
- Checked data from various sources for errors and accuracy, compared and compiled them and created reports from a variety of sources for database and records management.
- Assist with donor, finance, and donations processing and storage projects.

UI/UX Intern, CIM Finance Aspira - Nairobi, Kenya.   May 2018 - August 2018
- Collected data on the user experience of 800 customers which was used in designing the company's first app.
- Carried out first line bug troubleshooting and reporting on any app-related issues, and Data clean-up and assessment
- Participated in designing the company's website by taking different suggestions from colleagues and combining them to make one complete design.

Relationship Officer, Equity Bank - Mombasa, Kenya.   May 2017 - August 2017
- Managed a cash ledger of ksh 400 000 (USD 4000) and transacted a daily turnover of at least $50,000 in cash.
- Offered advice and oversaw six different agencies to offer quality services to the company's customers, earned an evaluation of 3.7 out of 4.0

PERSONAL PROJECTS

Me-mea, Risk Manager   March 2018 - Present
- Supports students in tackling school and life challenges, donating to orphanages and encouraging healthy practices in my society. April-August 2018, I invited students from over 22 universities and donated to 15 orphanages.

SKILLS
